SUMMARY

Full Stack Developer with three years of experience in web applications and microservices. Solid expertise in Spring Boot, Angular and Next.js, with hands-on DevOps practices (Docker, Kubernetes, CI/CD). Currently pursuing a postgraduate degree in Cloud Computing, fluent in English, with a proven track record of delivering MVPs and optimizing digital processes.

EDUCATION

Postgraduate in Cloud Computing (In Progress)

Universidade Pitágoras Unopar Anhanguera – Mai/2025 to Mar/2026

Bachelor's Degree in Information Systems

Universidade Paulista – Jan/2016 to Abr/2020

PROFESSIONAL EXPERIENCE

Full Stack Developer

Search Price Soluções Tecnológicas Ltda. – Fev/2024 to Jul/2025

- Developed a responsive, mobile-first web application with Next.js
- Implemented dark/light mode and custom hooks for state management
- Integrated with Java Spring Boot API and continuous deployment on Vercel
- Applied best practices in accessibility, performance, and componentization

Results: Delivery of a functional frontend MVP, validating the project's initial proposal with the product team.

E-commerce Manager

Self-owned Business – Jun/2021 to Jan/2024

- Managed sales on Mercado Livre, Shopee, Amazon, and Magalu
- Coordinated a team for customer service and logistics
- Created listings, issued invoices, and developed commercial strategies

Results: Achieved a 40% sales growth through digital optimization and process automation.

Junior Java Developer

Foursys Projetos e Sistemas Em Informática Ltda. – Fev/2021 to Mai/2021

- Developed REST APIs with Spring Boot for banking microservices
- Integrated with Oracle and worked with Docker, SonarQube, and Bamboo
- Participated in Scrum and backend technical decision-making

Results: Creation of tested and documented endpoints in the development environment.

Systems Technician

BRQ Digital Solutions S.A. – Ago/2019 to Fev/2020

- Maintenance and support of Itaú Unibanco's legacy system
- Collaboration in an agile team, contributing to quality and efficient deliveries
- Enhancement of development techniques through courses and training

Results: Legacy system modification at Itaú Unibanco and enhancing development practices through continuous training.

IT Intern

Itaú Unibanco S.A. – Jun/2018 to Dez/2018

- Supported the Mobile Engineering change cycle
- Analyzed KPIs, crashes, and reports
- Used tools such as GitLab, Jenkins, Splunk, AppDynamics and Crashlytics

TECHNICAL SKILLS

Frontend: Angular, Next.js, React, Tailwind CSS, TypeScript, Storybook

Backend: Java, Spring Boot, Spring Security, Kafka, Resilience4j, GraphQL

Databases: MySQL, PostgreSQL, SQL Server, MongoDB, Elasticsearch

Testing & Quality: JUnit, Mockito, Cypress, Cucumber, SonarQube

DevOps & IaC: Git, GitHub Actions, Jenkins, Docker, Kubernetes, Terraform

Tools & Methodologies: Figma, Jira, Confluence, Scrum, Kanban

HIGHLIGHTS

- Postgraduate degree in progress in Cloud Computing
- Hands-on experience in CI/CD and DevOps
- Proven track record delivering functional MVPs and high-availability applications
- Strong business vision with experience as an entrepreneur
- Fluent in English (professional proficiency)
- Active GitHub portfolio featuring projects in Next.js, Spring Boot, and microservices
